AALMARAM

— *Books From Kerala*

The Brand

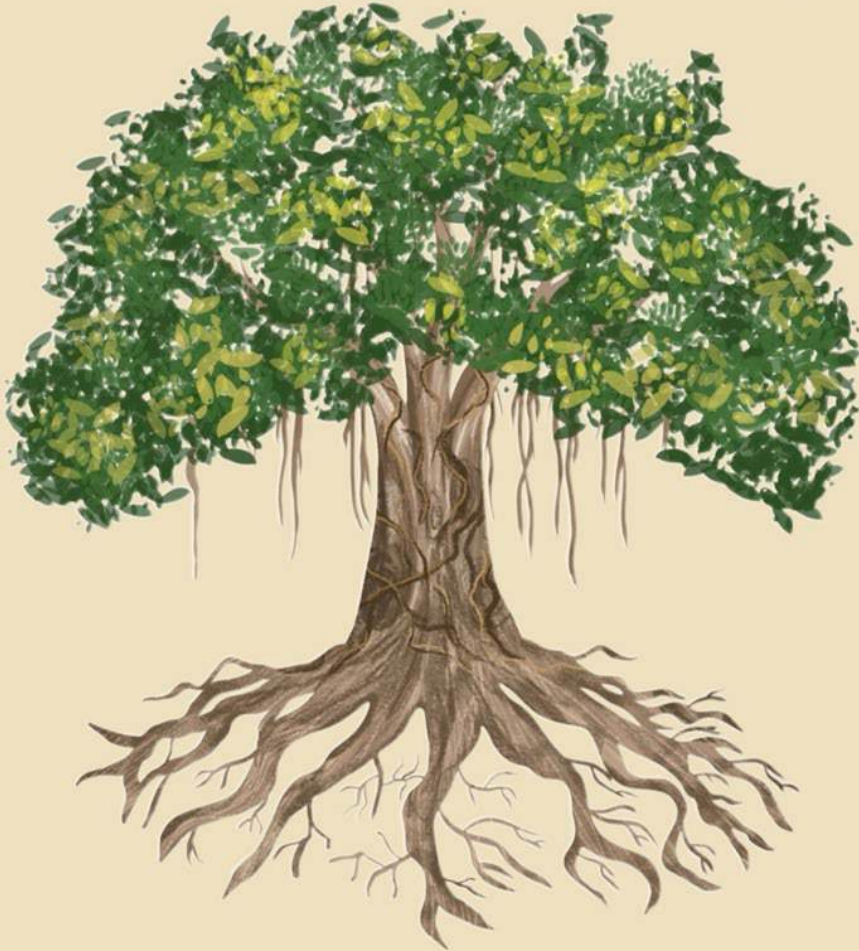

Aalmaram creates picture books, chapter books, and cultural objects that carry the soul of Kerala to its children. Named after the banyan tree which grows by sending its branches back down into the earth to become new trunks we are rooted in the timeless tradition of stories once shared by grandparents on moonlit verandas. Our narratives do not chase global trends; they belong to specific harbors, monsoon seasons, and ancestral homes. By bringing Kerala's history, folklore, and quiet wisdom to life, we preserve the warmth, pride, and language of our heritage for the families who belong to it.

We publish slowly, believing that a book should be an heirloom rather than fleeting content. Our design honors the quiet grace of traditional Kerala aesthetics: we let the page breathe, treating white space not as an absence, but as a deliberate and beautiful craft choice. From the thoughtful use of hairline rules and generous margins to the selective gleam of foil where it earns its place, every physical detail is meticulously considered. Aalmaram crafts enduring, premium objects that celebrate our rivers and our roots unapologetically authentic, deeply intentional, and meant to be cherished across generations.

Manifesto

Personality

02

The personality of Aalmaram is that of a quietly confident storyteller deeply anchored in the soil of Kerala and speaking with the meticulous elegance of a master craftsman. It carries the intimate, grounding warmth of a grandparent sharing traditional tales, yet presents itself with a highly refined, premium aesthetic. Unapologetically local, the brand eschews loud, fleeting trends in favor of deliberate, slow intention and structured grace. It honors its heritage not with fading nostalgia or wistful apology, but with a proud, steady presence, valuing the quiet, breathing spaces between words just as much as the heirloom quality of the physical objects it lovingly brings into the world.

03

Boska serves as our primary typeface, offering a crafted, literary elegance that honors the rich tradition of ancestral storytelling through its striking, expressive letterforms. It is quietly supported by Anderson Grotesk, a clean and structured sans-serif that grounds the design, ensuring readability while preserving the brand's commitment to generous white space and premium, minimalist refinement.

Color Guide

The Foundation: Primary Colors

The Canvas & The Ink: Kochi Night and Kasavu Ivory are the core of the brand's visual identity. They must be used together to create high-contrast, yet soft, reading environments. Never use pure black (#000000) or pure white (#FFFFFF).

Light Layouts: Use Kasavu Ivory as the generous background canvas to let the page breathe, with Kochi Night for all body copy and primary structural elements.

Color Guide

Deliberate Hierarchy: Secondary colors led by Kathakali are your typographic highlighters. Use them strictly for primary display headings (set in Boska), oversized numerals, or delicate hairline rules.

Restraint is Key: These colors must "earn their place." Do not use them for body paragraphs or large background fills. Their purpose is to guide the reader's eye and add a touch of cultural warmth against the quiet Primary backgrounds.

Foil Equivalents: Treat Malabar Gold and Spice Red
